Angie McCullough | 817.284.9400
AMccullough@CMJengr.com

No shows will be billed.

Payment is at the door via cash or check made payable to SAME Fort Worth Post.

UPCOMING EVENTS

- April 18 - Joint Meeting with Dallas Post
- May 2 - No General Meeting, Board Meeting @ Huitt-Zollars, 10:30am
- May 24-27 - JETC in Grapevine
- June 6 - Regular General & Board Meeting
- June 20 - Hurricane Exercise (Details to follow)

SAME Fort Worth Post is now on Facebook!

Society of American Military Engineers - Fort Worth Post

HELLO SAME FORT WORTH AND DALLAS POST MEMBERS!

My name is Seb Clements and I am serving as the Volunteer Coordinator for the 2011 JETC Conference, May 24-27 at the Gaylord Texan Resort and Convention Center in Grapevine. We are expecting this to be great conference with nearly a week full of the incredible technical program, informational expo, and the various events (technical tours, networking opportunities, social events, and more). With this and the tremendous turnout we are expecting this year at the conference, there is a large need for volunteers!!! There is a wide variety of ways that you and/or your staff can participate in the volunteer efforts and I encourage all of you to help out.

Registration on the JETC website is now available, so please go online to register. Whether you are already registered or planning to register as an exhibitor or attendee, **YOU STILL NEED TO REGISTER AS A VOLUNTEER.** There is also an option to register as a volunteer only. When you go online to fill out your registration, simply check the box that you will be volunteering. If you are already registered, you can re-enter your registration through the attendee or exhibitor service center (depending on where you registered) and then add this to your existing registration. Please do not create two registrations. For volunteering you will get a free shirt as well as help out your local post! If you do not register, you will NOT get a shirt. We are still looking into questions regarding parking, discounted registrations for volunteers, etc.

Depending on your response to this and the online registration, specific time slots will be determined to work around your availability. Also, please forward this message on to others within your organization who may not have received this email! There is no such thing as too many volunteers and you will help us make this JETC Conference one of the best yet if you are able to help! Thank you very much and have a great day.

JOINT ENGINEER TRAINING CONFERENCE AND EXPO

May 24-27, 2011

Gaylord Texan Resort and Convention Center
 Grapevine, Texas

From: <http://posts.same.org/jetc/>

Co-hosted by SAME HQ and the Fort Worth Post, the 2011 JETC features six technical tracks addressing timely issues affecting the A/E/C, facility management and environmental fields.

- Track 1: Contingency Operations
- Track 2: Installation management
- Track 3: Design & Construction
- Track 4: Water resources
- Track 5: Energy
- Track 6: Acquisition

The technical program lays the foundation for the conference and is supported by a robust, informational expo area, exciting technical tours and ample networking and social events.

Expo

The 2011 JETC Expo area is set to be one of the largest ever, with companies large and small exhibiting. In addition, each of the uniformed services will be represented and will feature networking lounges for the relaxation and networking pleasure of attendees.

Throughout the conference, breaks, lunches, prize drawings and other events will take place in the exhibit hall. You'll also enjoy numerous exclusive exhibit hours, when no other events are scheduled—so you can take full advantage of the networking opportunities, as well as the product demonstrations.

SAME VISION

“To be a premier global engineering organization leading to the professional and personal growth of all members in support of military readiness and the development of solutions to national security challenges.”

SAME MISSION

“To promote and facilitate engineering support for national security by developing and enhancing relationships and competencies among uniformed services, public and private sector engineers, and related professionals and developing future engineers through outreach and mentoring.”
