TEXAS BOARD OF PROFESSIONAL ENGINEERS

“Professional Practice And Board Update / Ethics”

C.W. Clark, PE - Director of Compliance and Enforcement Division

This is an exciting opportunity for you to participate in an ethics seminar without the need to travel. Ethical practice is without doubt an important topic to all engineers. This seminar will qualify for the 1-hour of ethics training required by the Texas Board of Professional Engineers (TBPE) for Professional Engineer.

As Director of the Compliance & Enforcement Division of the Texas Board of Professional Engineers, Mr. Clark manages the day-to-day operations of the division to include policy advisory opinions, compliance reviews of continuing education audits, seal imprint approvals, investigations of enforcement cases against violators, and providing outreach programs to educate the public and licensed engineers on engineering matters pertaining to the Board and the Engineering Practice Act.

Before joining the State of Texas, Mr. Clark worked in private industry as an Electrical Engineer with Motorola, Inc. in Austin for 21 years, and prior to that, eight years with Texas Instruments in Dallas. Mr. Clark is a BSEE graduate of Southern Methodist University and a member of the Institute of Electrical and Electronics Engineers (IEEE). C.W. and his wife, Jan, have two adult children and live in the Austin area. C.W. and Jan have also been active with foster parenting and over the past 33 years have had the great pleasure of fostering more than 247 infants and children.

MEETING DETAILS

November 7, 2011

RSVP by November 2

TIME:

10:30 a.m. Board Meeting
11:30 a.m. Registration
12:30 p.m. Lunch and Program

LOCATION:

Carter & Burgess Plaza Bank Building Petroleum Club | 40th Floor
777 Main Street | Fort Worth, Texas

COST:

\$25.00 Full Buffet
\$20.00 Young Members

PARKING:

\$2.50 On-Site Parking
(with validation)

RESERVATIONS:

Angie McCullough | 817.284.9400
AMccullough@CMJengr.com

Please remember the guidelines regarding reservations. If you make a reservation, you are required to pay for your meal.

Fort Worth Post

Fine print...

Each firm will be featured in the month indicated on the schedule above. Prior to the month in which your firm will be featured, you will submit an article for the newsletter describing your firm and its capabilities and experience.

In addition, each firm will be entitled to make a two minute presentation at the regular meeting. Historically firms have chosen to bring a raffle prize (benefiting the SAME Scholarship Fund) to the meeting when they make a presentation.

URS provides an excellent source of talent and expertise on which federal agencies and private organizations rely for engineering and architectural design, environmental studies and assessments, and program and construction management services. Our Dallas/Fort Worth/Oklahoma Operations (URS Dallas) features vibrant practices in geotechnical and transportation engineering, including dams and levees, aviation, transit, highways, and bridges. We have been fortunate to complete site civil engineering on some of Dallas' highest profile facility projects as well: Omni Convention Center Hotel, Perot Museum of Nature and Science, and the Bush Presidential Center. Nationally, other URS offices are involved in extraordinary projects, including design services for the Panama Canal Expansion Project and construction management services for the \$15 billion World Trade Center Site Redevelopment, including the Transit Hub, Freedom Tower, and other structure.

As the economy has shifted, URS Dallas has fine-tuned our business model. The result is expanded practice areas that require additional staff! We're growing our geotechnical business and have expanded with additional senior staff with exceptional experience in tunneling and design-build. Over the past month, we've signed contracts with TxDOT and multiple federal agencies and have been selected for additional engineering and environmental services by major private sector clients.

We're getting ready for the opportunities ahead in 2012. To learn more about URS and its federal works initiatives, contact RT Murthy at 214.741.7777, or visit our web site at www.urscorp.com.

URS Corporation is a leading provider of engineering, construction, and technical services for public agencies and private sector companies worldwide. We offer a full range of program management; planning, design and engineering; systems engineering and technical assistance; construction and construction management; operations and maintenance; and decommissioning and closure services for power, infrastructure, industrial and commercial, and federal projects and programs.

VRX is a woman-owned, small business engineering firm, licensed by several states including the Texas Board of Professional Engineers and New York Board of Professional Engineers. Our sole objective is complete client satisfaction.

VRX's core areas of operation include civil and structural engineering, program management, construction management and inspection, scheduling, claim analysis, environmental services including compliance and permitting, utility coordination, and maintenance consulting for transportation clients.

VRX has received two awards, one from the Texas Public Works Association for Managing Emergency Construction Repair less than \$5 million. The other one is from American Public Works Association (APWA) PROJECT OF THE YEAR: DISASTER OR EMERGENCY CONSTRUCTION/REPAIR LESS THAN \$5 MILLION.

Founded in 1963, Yates Construction has been a proven leader in the building industry for nearly 50 years. With offices strategically located throughout the southern U.S., including two Texas offices in Fort Worth and San Antonio, our success is based on a simple philosophy: deliver building excellence on every project – regardless of size or scope – on time, within budget and to your satisfaction, while staying true to our Core Values of *Safety, Integrity, Passion and Commitment*. With a \$2.5 billion bonding capacity, Yates is financially sound and consistently ranked among the top Building and Green Contractors in the nation by *Engineering News Record*. With access to over 4,000 employees nationwide, The Yates Companies offer turn-key solutions to many Federal clients, including the U.S. Air Force, U.S. Department of Homeland Security, U.S. Navy, U.S. Armed Forces, and the U.S. Army Corps of Engineers wherein we are currently working with the Fort Worth, Savannah, Louisville, Tulsa, Little Rock, Vicksburg, New Orleans and Mobile Districts and are the proud recipients of numerous “Outstanding” CCASS ratings and multiple Safety awards for our performance on their projects throughout the U.S. Yates has experience with over \$1 billion in Federal construction project volume, and is a proud Sustaining Member of multiple Posts of the Society of American Military Engineers, as well as the Association of the United States Army and other military organizations. Our commitment to our nation’s military forces is further reflected by our active participation in several ‘Adopt a Battalion’ and ‘Wounded Warrior’ outreach efforts at military installations throughout the south.

WESTON was founded in 1957 and in 2001 became an employee-owned company with Business Teams structured around Federal, State, Local Government, and Industrial market sectors. Our Federal sector accounts for about 40% of our gross revenues.

WESTON has over 1,600 employees and 60 offices across the United States and abroad. Our gross revenues exceed \$500M per year.

In Texas, we have full-service offices in Dallas, Austin, San Antonio, and Houston with a total of 266 employees.

Our Dallas office has 35 employees serving federal, state and industrial clients. Our local expertise includes providing rapid response services to EPA Region 6 and consulting services related to redevelopment of contaminated properties.

Our core service areas are:

- Environmental restoration solutions– assessment and remediation, emergency response, integrated air services, water resources and ecosystems, health and safety, solid waste and landfills
- Property redevelopment – Environmental liability transfer, property acquisition and development, and site evaluation and planning.
- Design/build horizontal construction – Construction management, renovation, fuel systems, demolition and decommissioning, water/wastewater systems.
- Sustainable Solutions - Green buildings, green grid roofing, Leed Consulting
- Clean Energy Solutions – Energy efficiency, renewable energy, greenhouse gas management, alternative/renewable fuels, landfill gas recovery.

The Company’s largest client is the DOD where we have 26 active contracts with the Army, Navy, Air Force, and General Services Administration.

Diversity of our Contracts:

- 12 Mile Creek Restoration in SC to remove and remediate 435,000 CY of PCB contaminated sediments, including the removal of two dams.
- For US Army MEDCOM, developed a Sustainability Strategy Plan for all US Army hospitals in the U.S.
- Environmental consulting services for the U.S. Postal Services Headquarters.

Wilson & Company is a multi-disciplinary engineering, architecture, surveying, mapping, environmental, and planning firm with a 79 year history. Our staff of 450 professionals includes planners, architects, civil, mechanical, electrical and structural engineers; biologists; surveyors; mappers; GIS specialists; pilots; right of way agents; financial analysts; program and construction managers; and inspectors. With 18 offices in ten states, including Fort Worth, we deliver services to a variety of clients in private and government sectors including public transportation agencies, federal, municipal and public works agencies, railroads, private commercial and residential developers, major Fortune 500 corporations, and institutional clients. Government clients include US Army Corps of Engineers, US Air Force, USDA, NRCS and other federal agencies. Current work includes Watershed Dam Assessments, Survey and Mapping, Drainage and Infrastructure Design, and Building Architecture and Engineering. For additional information see our website at www.wilsonco.com.

Woolpert, ranked by Engineering News-Record as a top national design firm, provides professional design, geospatial and infrastructure services to clients in the public and private sectors. Founded in 1911, Woolpert's innovative design approach and commitment to the creative application of technology have grown the firm into a leader in the consulting industry. With more than 650 professionals in 22 offices located throughout the U.S., Woolpert's collaborative and multidisciplinary approach is driven by great people, great clients and great projects. For more information on Woolpert, visit Woolpert's [website](#). To see how Woolpert has contributed to the advancement of the industry as the firm celebrates 100 years in business, visit the [100-year site](#). For insight on industry trends and emerging topics, visit our [Thought Leaders blog](#).

Zaxon is a Small DBE Certified Business specializing in Cost Estimating, Scheduling and Value Analysis. Since its establishment in 1982, the Zaxon staff has estimated over 650 projects exceeding \$6 Billion in value. In its commitment to create the most accurate cost estimate possible, Zaxon offers seasoned estimators trained in MCACES, MII, SUCCESS, PACES software's. The schedulers prepare cost based schedules with Microsoft Project or Primavera utilizing the estimate for activity durations.

The Zaxon staff works in close coordination with the design team. With each submittal, the A/E and its clients are assured of accurate information for comparison with budget limitations. The most current pricing information is combined with fully automated cost management systems by qualified professionals to present the degree of accuracy the design industry demands. Evidence of this is found in the number of repeat clients. Zaxon performs estimates at all project phases from Budget through Construction, including change order estimates and contractor bid evaluation.

At Zaxon we exceed expectations

Founded in 2001, TEAM Integrated Engineering, Inc. (TEAM) provides a full spectrum of professional services in environmental, engineering, and medical logistics to clients across the globe. TEAM is headquartered in San Antonio, Texas, "Military City USA," with professionals providing expertise to clients in 14 countries worldwide.

Our team of professionals provides advisory and assistance services and architectural and engineering services to government agencies and commercial clients nationally and internationally; to include remote locations and combat zones. TEAM's experience encompasses an abundance of diverse projects often requiring specialized qualifications, clearances, certifications, and licenses.

A few of our recent projects include:

- Providing Environmental Management support to CENTCOM United States Forces – Iraq since 2007. TEAM has conducted over 200 environmental condition surveys, recommended site mitigation and provided quality assurance engineering at FOBs, COBs, COSs and other bases where units were transitioning to another location or undergoing closure.
- Providing the professional team to successfully establish the Battlefield Health and Trauma Research Institute at Ft Sam Houston, to include all the Initial Outfitting of the new building (over 10M in new medical equipment), as well as relocating over 1000 pieces of medical equipment belonging to the Joint Dental Research Laboratories from Great Lakes, IL to BHT.
- Coordinating with officials and contractors at Keesler Air Force Base on repair efforts of all identified housing units, to include leading all phases of design reviews. TEAM implemented, in-house, a web-based, secure design review platform that required no new software. This allowed the government to provide comments on 1,067 units, over 36 floor plans, and all associated site plans, with only a five day turnaround.

Integrity, quality, diversity, and expertise are core to TEAM's record of excellence over the past decade. For more information, contact DeEnna Jensen at 210.341.4316, djensen@team-ie.com and visit us on the web at www.team-ie.com.

OUTSTANDING MEMBERSHIP RECOGNITION

The SAME Fort Worth Post is comprised of outstanding sustaining member firms as well as dedicated sustaining member representatives and individual members. Our post achieves Distinguished Post year after year and it is because of our exceptional membership. Indeed, the 2011 JETC conference would not have been such a resounding success had it not been for our members' tireless efforts. So, for the past couple of months, the Fort Worth Post board has been recognizing some of our members who have participated in SAME for over 10, 15, 25, even 50 years. Their commitment to what the Fort Worth Post and the SAME organization stands for is greatly appreciated. The following members have volunteered uncountable hours to serving on the board and/or giving of their time and energy to make the monthly lunches and special events well planned, well organized, and well executed to the benefit of the rest of us. Thank you.

Pin Awarded	Actual Years*	Name	Company
15	15	Jim Anderson	PSI
10	10	Robert Chambers	Freese & Nichols
10	10	Julie Fisher	Farmsworth Group
25	30	Paul Krebs	Corps of Engineers
10	13	Julian Myers	Ecology & Environment
15	20	Don Young	Jacobs

*Based on Information obtained from SAME National Database

The Post will continue to recognize other members throughout the remaining months of 2011.

WE NOW HAVE A CHARTER FOR THE UNIVERSITY OF TEXAS AT ARLINGTON STUDENT CHAPTER OF THE FORT WORTH POST.

ABILENE FIELD POST

TBD

MEETING MINUTES: 3 - OCTOBER - 2011

SUBJECT: Minutes of SAME Fort Worth Post Board Meeting

- The Board convened on 3 October 2011 with Roxanne Pillar, Meloni McDaniel, COL Lem DuBose, Andy Cueto, Lisa Monroe, Eric Canales, Sarah Cole, Enrique Garcia, J.B. West, Angie McCullough, Stephanie Winquest, Paul Krebs, Cindy Brewington, Mark Simmons and Jimmy Baggett attending.
- Minutes of the 6 September 2011 Board meeting were approved.
- The treasurer report indicates a balance of \$9,053.09 in the checking account and \$255,893.76 in a savings account. Total operating assets for the Post \$264,946.85. The Raymond Losornio Memorial Scholarship Fund inviolate principal is \$87,000.00. The Education and Mentoring Account has been invested with a balance of \$106,505.37. The total Post Education and Mentoring Assets are \$147,730.55. Mark Simmons presented a proposal for Stock diversity to be utilized for investment of the E&M Account. Angie McCullough made a motion to approve the recommendation. Second by Eric Canales. Motion carried.
- Individual membership is 688 with 269 members not included in our 114 Sustaining Firm membership. We currently have 58 Young Members.
- Committee reports were presented. Meloni McDaniel reported on Young Member activities. Eric Canales reported on Communications Committee activities. Angie McCullough reported on Hospitality Committee activities being planned for the December Holiday Gala. Andy Cueto reported on Program Committee activities. Lisa Monroe reported on Awards activities. Three Post members were sent forward as Fellow nominees to National Academy of Fellows. COL Lem DuBose reported on Education Committee activities. Discussion of a UT Arlington Student Chapter, Texas A&M University Construction Management arrangement with Criado Associates, Birdville High School Engineering and Wounded Warrior Scholarships were presented as possible Education Committee opportunities. COL Lem DuBose presented the Charter for an Abilene Field Chapter. Paul Krebs reported on Readiness Committee activities.
- Young Member Committee reported that a tour is planned for 27 October to the DFW Connector site. A 27 September meeting of the Young Members was held at the Fox and Hound. GSA presented their program with about 35 attendees.

Jimmy D. Baggett, Post Secretary

NEWSLETTER SUBMISSIONS

The SAME Fort Worth Post news is published monthly for the benefit of SAME individual members and sustaining member firms. If you have questions/comments or wish to submit an article, please contact Jenifer Batchelder at INJenB@gmail.com. All submissions are due two weeks before the next monthly post meeting. Articles may be submitted in MicroSoft Word. If you wish to include a logo or graphic, please provide this in any graphic format (i.e. jpg, tiff, eps, png) to maintain quality.
